

IMPORTANT INFORMATION FOR PASSENGERS

The 24-HOUR CLOCK system is used in this time-table

- TERMS AND CONDITIONS OF CARRIAGE.** An extract from the conditions under which Imperial Airways undertakes to carry passengers will be found inside the cover of every air ticket issued by the Company and Imperial Airways advises passengers in their own interests to read these conditions. A copy of the *General Conditions of Carriage* of Imperial Airways may be inspected at any office of the Company.
- ALTERATIONS.** This time-table cancels all previous issues and is subject to alteration without notice. The times of departure from the terminal air ports are fixed by mail requirements; the timings at other ports are approximate and passengers are advised to obtain the latest information from the local representative of the Company, in order to avoid the risk of missing a service.
- CONNECTIONS.** Although every endeavour is made to ensure punctuality, nevertheless neither Imperial Airways nor its agents can accept any responsibility for delay or loss of other forms of transport, whether or not these are referred to in an itinerary mentioned in tickets or in time-tables. Services operated exclusively by Imperial Airways are run as "through services", notwithstanding breaks in the carriage and/or trans-shipments at intermediate stages.
- PASSPORTS.** Passengers are reminded that passports, endorsed for all countries through which they are travelling and bearing the *visa* required by current regulations, must be carried on the person. The Company or its Agents will obtain, on payment, passports and/or *visa*, provided that reasonable notice is given. The Company cannot accept any responsibility for the correctness of passports and/or *visa*, or for their being incomplete or invalid. Passengers are advised to verify the validity and the accuracy of their passports, endorsements and *visa*.

TICKET REGULATIONS

- FARES.** The fares given in this time-table provide for all meals and hotel accommodation (including tips) during the voyage and for the cost of all surface transport which forms part of the journey.
- Passengers who wish to break their journey must pay the fares quoted for each ticket. Break of journey cannot be made on through tickets.
- RETURN TICKETS** are issued as a reduction equivalent to 20% of the *single fare* quoted for the return half of the journey. These are available for a period of one year, starting from the date of the outward journey unless otherwise stated. A passenger who holds a return ticket and who is unable to use the return portion is entitled to claim from Imperial Airways a refund of the difference between the cost of the single and return fare paid, provided that the Company's regulations regarding cancellations have been observed. Passengers who do not prepay the cost of the return ticket at the original station of departure are given a certificate with their outward ticket which entitles them to a rebate of 10% of the fare for the return half of the journey. This certificate is also valid for twelve months.
- CHILDREN.** Children up to three years of age, when accompanied by an adult and when no separate seat is required for them, are carried at 10% of the fare. Children between three and seven years of age (or younger children occupying a separate seat) are carried at half fare.
- Children are weighed individually, but no separate baggage allowance is made.
- RESERVATIONS.** Passages should be booked in advance. Any travel agent can apply for a reservation for an intending passenger. If such application be made by telegram or by telephone, the cost of the application and the replies thereto will be borne by the passenger. Other necessary telegraphic charges will be borne by the Company except (a) in cases of cancellation by the passenger (*See Clause g below*), or (b) when the reservation is effected at the station of the Company other than that at which the passenger intends to embark.
- Seats will only be reserved on payment of a deposit of 25% of the published fare (by telegram in the case of telegraphic reservations) and such reservations will be regarded as provisional until confirmed by the Company; and the balance of the fare paid. Provisional reservations automatically lapse fourteen days before the service is scheduled to operate. In no instance will provisionally reserved accommodation be held to the exclusion of passengers prepared to take up tickets.
- CANCELLATIONS.** Tickets which, for any reason other than the cancellation of a flight by the Company, are not used on the date and at the time for which they are issued, will be treated as having been cancelled by the passenger and the fare paid will be retained. If a reservation be cancelled by the passenger and the Company be notified not less than fourteen days before the scheduled date of departure, then the fare, less 10%, will be refunded. Should the reservation of accommodation so cancelled have involved the Company in expenses for telegrams, such charges (even though normally borne by the Company—*see Clause g above*), together with any additional charges incurred in cancelling the reservation shall be debited to the passenger and may be deducted from the proceeds of any deposit or deposit to be refunded.
- INTER-CARRIAGE OF TICKETS.** Return tickets can be made available for travel by certain Steamship Lines upon adjustment of the fare. Re-booking adjustment is allowed in some cases on air tickets when an outward single journey has been made by those Steamship Lines. (Details upon application.)

BAGGAGE INFORMATION

- BAGGAGE ALLOWANCE.** Twenty kilograms (44 lbs.) of baggage are carried free of charge for each passenger, irrespective of personal weight. Baggage in excess of the free allowance is charged as follows:
Up to 20 kgs. excess—half the published excess baggage rate
Over 20 kgs. excess—full published excess baggage rate
- BAGGAGE.** Because of the regulations imposed by the Customs, passengers' baggage must contain personal effects only. Merchandise can be carried only as freight, and must be declared as such on embarkation.

INFORMATION (continued)

- EXCESS BAGGAGE.** Excess baggage is carried at the rates shown herein. The charges for Excess Baggage are payable on embarkation. Whenever possible baggage will be carried in the same aeroplane or flying-boat as the passenger but Imperial Airways is unable to guarantee this always. For such "off-loaded" baggage Imperial Airways will endeavour to arrange that it will be sent forward by the next available service to the Airport of destination.
- ADVANCE BAGGAGE.** Arrangements may be made, if desired, for heavy and bulky baggage to be forwarded by surface transport. Imperial Airways will be glad to give the names of competent Forwarding Agents.
- LABELLING OF BAGGAGE.** Baggage labels are issued with the passage ticket and passengers are asked to see that each piece of luggage bears one of these labels. Personal effects which will be required for use at night-stops during the journey should, as far as possible, be packed in one suitcase for facilitating handling at ports. The Company is not able to guarantee that heavy and bulky trunks and the like will be accessible to passengers at every night-stop.

SURFACE TRANSPORT

- TRANSPORT BETWEEN AIR PORT AND TOWN.** Throughout the Empire routes, transport between *down* and Air Ports, and *vice versa*, is provided wherever necessary by the Company without extra charge.
- Subject to accommodation being available on the conveyance, passengers' friends and others may proceed to the Air Port at a nominal charge, details will be supplied by the station concerned.
- DEPARTURE.** Normally the loading of the aeroplane or flying-boat is completed five minutes before the scheduled time of departure. Passengers are requested to be at the Air Port or other place indicated by the Company sufficiently in advance of the appointed time of departure to enable loading (including passport) formalities to be completed so that the service leaves on time. Should a passenger arrive too late for such formalities to be completed without delaying departure, the passenger ticket may be regarded as cancelled and no claim for refund of the fare paid can be entered.

GENERAL INFORMATION

- MEALS ON BOARD THE AIR LINER.** On all the Empire Services operated by Imperial Airways, meals taken aboard the air liners or on the ground at intermediate stops are included in the fare.
- NIGHT STOPS.** Passengers travelling on the services enumerated in this time-table spend the night either in a hotel or in a resthouse provided by Imperial Airways and/or its associated companies and the cost of this and the meals supplied is included in the fare.
- INSURANCE.** The Accident Insurance rates for Air Travel by Imperial Airways and certain Associated Companies only are now the same as for surface transport. Stations on Imperial Airways' routes are able to effect Accident Insurances up to £5,000 for each passenger. The premiums are: (a) Travel Risks (including air travel by Imperial Airways and certain Associated Companies only), 1s. per day per £1,000; (b) Accidents of all kinds (including travel risks as (a)), 1s. 6d. per day per £1,000. Most Life Assurance policies include air travel without extra charge. *Liability may be insured at low rates.*
- CURRENCY COUPONS.** For the convenience of passengers travelling on the Empire services, a system of currency coupons has been instituted by Imperial Airways. The coupons, valued at 5s. od. each, are made up in books of ten, at £5. 11s. od. per book, and can be exchanged for their equivalent value in local currency at any station of Imperial Airways. Any unused coupons which a passenger may have in his possession at the termination of his journey will be redeemed by the Company. Passengers will find these coupons a great convenience and a source of economy.
- SMOKING.** Neither the law nor the rules of the Company allow smoking in any of the Company's aircraft, either on the ground, on the water or in the air, except in such aircraft as are equipped with a special room for smoking.
- QUARANTINE.** The Company cannot be responsible for passengers' expenses in the event of quarantine restrictions being imposed by any Government along the routes. The Captain concerned may at his discretion omit to call at any station, in the event of existing or anticipated quarantine restrictions and in such instances the Company is unable to accept responsibility for any delay or inconvenience or loss of business which may result. In the event of "over-carryage" the passenger may be called upon to pay additional expenses which the Company incurs.
- INOCULATION AND VACCINATION.** At times certain Governments impose regulations with regard to inoculation and vaccination and hence for certain destinations passengers are sometimes required to possess certificates of inoculation and/or vaccination. Full particulars may be obtained at any of the Company's stations.
- FIREARMS AND WIRELESS APPARATUS.** Passengers taking firearms, wireless telegraphic or telephonic apparatus abroad are reminded that there are restrictions on their transportation. The Company's regulations with regard to the carriage of such apparatus may be obtained from the Company's stations. The carriage of ammunition, explosives, or any form of combustible material is prohibited.
- CAMERAS.** Passengers are warned that there are restrictions in force by certain Governments with regard to the taking of photographs from the air or on the ground, notably over French, Italian and Greek territory. Passengers will be warned of these restrictions and then will be asked to hand their cameras to an official of the Company for sealing. The cameras will be carried in a sealed bag over the prohibited area and afterwards returned to their owners.
- LIVESTOCK.** Imperial Airways does not carry livestock on the Empire passenger service.
- HOTELS.** The names of personally inspected and recommended hotels in countries served by Imperial Airways are available at each of the Company's stations. Imperial Airways will arrange hotel reservations if required.
