CURRENCY REGULATIONS

Denmark. On arriving in Denmark from Finland, Norway and Sweden the passengers are allowed to carry up to 25 D. Cr. without any license. Passengers arriving from other countries are allowed to carry up to 200 D. Cr. (5 and 10 Cr. notes or smaller values), but no restrictions exist for carrying foreign currency. Travellers cheques and letters of credit in Danish or foreign currency may be imported without any license. On leaving Denmark passengers to Finland, Norway and Sweden are allowed to carry up to D. Cr. 25.00 without any license. Passengers to other countries may carry up to 200 D. Cr. (5 and 10 Cr. notes or smaller values), but it is prohibited to export foreign currency, unless the passenger is in possession of a special permit from the "Danmarks Nationalbank". If a passenger, however, on arriving in Denmark had brought in an amount in foreign currency, he is allowed to bring out the equivalent amount. Travellers cheques and letters of credit in Danish or foreign currency may be exported without any license. A special permission issued by the "Nationalbanken" is required if currency exceeding the above mentioned amounts is desired for the journey.

INFORMATION FOR PASSENGERS

Alteration. The company reserves the right to alter the schedules, fares etc. The passengers are therefore requested to confirm time of departure etc. on making their reservations.

Baggage. The companies reserve the right to postpone the carriage of baggage exceeding 30 kilos per person. This baggage will be forwarded by first available plane, in case such baggage has not been duly notified and transport promised. Generally live animals may not be carried as baggage, but have to be sent as air freight.

Cameras. On international services it is prohibited to carry or make use of cameras in the cabin during the flight. The cameras must be carried in the registered baggage or handed over to an official of the company, who will place it in a special case.

Cancellation. For the European lines the following regulations will apply: If a seat is cancelled and the company duly notified not less than 48 hours before the scheduled time of departure, the fare will be refunded less any telephone or telegraphic expenses. Some companies, however, will charge a small fee, covering expenses in connection with the reservation. If the reservation is cancelled less than 48 hours before the time of departure, the fare is forfeited, unless the seat is resold or the aircraft is not fully booked at the time of cancellation.

Children. Children up to 12 years of age must be accompanied by an adult, if not an arrangement has been made with the carrier in advance. Carriage of unaccompanied children may only take place in aircrafts with stewardess service.

Departure and connections. The time table indicates average times, but the company is not responsible for the times stated in the time table, nor for failure to make connections with services operated by other airlines or other form of transport. All times are local times.

Discount. For round trips and circular trips (i.e. a series of consecutive air journeys commencing from and terminating at the same city) a reduction of 10% is granted, provided all tickets are purchased in advance.

Export License. On leaving Denmark Danish subjects, except travellers to Norway and Sweden, are allowed to carry food-parels up to 5 kilos without license. For all other kinds of exports an export license is required, issued by the "Direktoratet for Vareforsyning", Montergade 19-21, Copenhagen.

Gratuities. The staff of the air traffic companies are not allowed to accept gratuities.

Ground transport. Except where otherwise stated, transport between town terminal and airport is provided, and the cost included in the fare. Passengers travelling privately to the airport must arrive in time to fulfil the formalities. In Denmark the passengers must report to the dispatch counter at the airport

for domestic lines: 15 minutes before the scheduled departure, for other European lines: 20 minutes before the scheduled departure, for intercontinental lines: 45 minutes before the scheduled departure.

Passengers must enquire locally for the arrangements in force elsewhere.

For passengers arriving too late at the airport the right for transport will cease to be valid and refund of the fare may be refused.

Passport, visas etc. It is the duty of the passenger to take care that the passport, exit permit, visas, certificates of vaccination etc. are in order. The air traffic company will not be responsible for passengers failing to comply with any requirements nor for the accuracy of information supplied.

Stop-overs. On European lines stop-overs will be allowed passengers with through tickets, provided that due notice is given at the time of making reservation. The period of each stop-over must not exceed 15 days.

Tickets. Single tickets are valid one year from the date of initial flight, and unused tickets are valid one year from the date of issue.
