Food taken before your journey should be sparing, light and digestible. Rich and fatty foods should be avoided.

FREIGHT

Limited capacity is available on our services for the carriage of freight. The freight charges shown under the timetable for each service on pages 2 to 5 are for carriage from airport to airport. In the case of fractions of a kilogram weights are calculated to the next highest whole kilogram, and there is a minimum charge as for two kilograms.

OFFICIAL REGULATIONS

It must remain the responsibility of the passenger or the consignor to see that he complies with the many official regulations which are in force to-day. These regulations cover passports and visas, health, currency, customs and the carriage of cameras, and they vary from country to country.

Failure to comply may result in your being delayed and becoming subject to the cancellation charges explained on page 11.

You should always carry your certificates of vaccination and inoculation, and you are recommended to attach these to one of the pages of your passport.

Our staff will always be ready to give advice on official regulations to the best of their ability.

PROHIBITED ARTICLES

Regulations forbid the carriage of certain dangerous articles in aircraft. A list of such articles is exhibited in our offices.

Air Passages :—Reservations for passages can be made at either our Agents' or at our own offices.

If you wish to cancel your reservation and you notify us not less than 48 hours before the scheduled time of departure from the airport (24 hours in the case of the Baghdad—Basrah Service), your fare will be refunded less a cancellation fee of 10% and less any expenses incurred in effecting the reservation and cancellation. If you give us less notice than this, we regret that we shall be unable to give you any refund unless the seat is re-sold or unless the service is not fully booked. In either of these cases the fare will be refunded less 10% cancellation fee and expenses as above.

Hotels :—If we can assist you by endeavouring to arrange hotel accommodation for you at your destination or elsewhere, we will be pleased to do so on reimbursement of any out-of-pocket expenses incurred. We cannot, of course, guarantee accommodation, nor can we accept responsibility if we fail to obtain satisfactory accommodation.

The Iraqi State Railways own hotels and rest houses in Baghdad, Kirkuk and Mosul where travellers will be made welcome. They also run hotels and bungalows on behalf of the Summer Resorts Committee at Salahuddin and Shaqlawa. Reservations at these resorts, as well as road transport connecting with our air services at Kirkuk, Erbil and Mosul, can be arranged by our own offices on your behalf.

SCHEDULES AND PUNCTUALITY

We make every effort to ensure the punctuality of all our services, but we cannot accept responsibility for any delay to or suspension of a service, nor can we guarantee that connections will be made with other air services or surface carriers.

Please assist us by arriving at our offices for your departure by the time which we specify to you. Our staff have instructions not to delay the departure of services by waiting for late arrivals.

SMOKING

Smoking is not permitted in any of our aircraft.

TICKETS

You must be in possession of a ticket before you commence your journey. On the back of it you will find an extract of our "General Conditions of Carriage of Passengers and Baggage", which are exhibited in full at our offices for your perusal.

Tickets issued are not valid for travel for a period longer than one year.

Return tickets are valid for 90 days from the date of the outward journey. Unused return halves may be surrendered for a refund of the difference between the single and return fares, provided the cancellation regulations have been observed.
