IT'S SMARTER TO CHARTER

Nationwide Air Services, a subsidiary of the Australia-wide News Limited Group, operate scheduled commuter services between Brisbane and the major centres in Northern New South Wales.
The aircraft used is the Cessna 402A. It carries nine passengers in executive comfort at a speed of 210 m.p.h.
The basic design of the aircraft, with its wide loading doors, quick-change seats and large nose lockers, makes it ideal for the carriage of urgent freight. (Maximum load 1,800lb.)
So no matter what (or who) it is, Nationwide can get it to Northern New South Wales a lot faster than anybody else.
In addition to these scheduled services we are able to arrange air charter flights in our airline aircraft.
When you fly Nationwide charter the aircraft leaves when you are ready. You nominate your own departure time and schedule. You have the benefit of privacy to conduct company business in flight. Should you require to change your itinerary in flight and wish to divert to another city – charter makes it possible. Nationwide aircraft are available around the clock.
Reservations for charter flights may be made through any of the agents listed in this timetable, and in addition you can 'phone Nationwide direct at Sydney 67 6864, Canberra 73 1358 and Brisbane 68 4817.
