

SAS Destination Service lets you get down to business

At SAS, we have created a trouble-free travel product for our business passengers. A combination of exceptional inflight comfort and service, special business lounges and service centers, and SAS Destination Service to take the fuss out of travel arrangements.

We offer you hand-picked SAS Business Hotels in 63 cities around the world, where you are treated like the VIP we know you are.

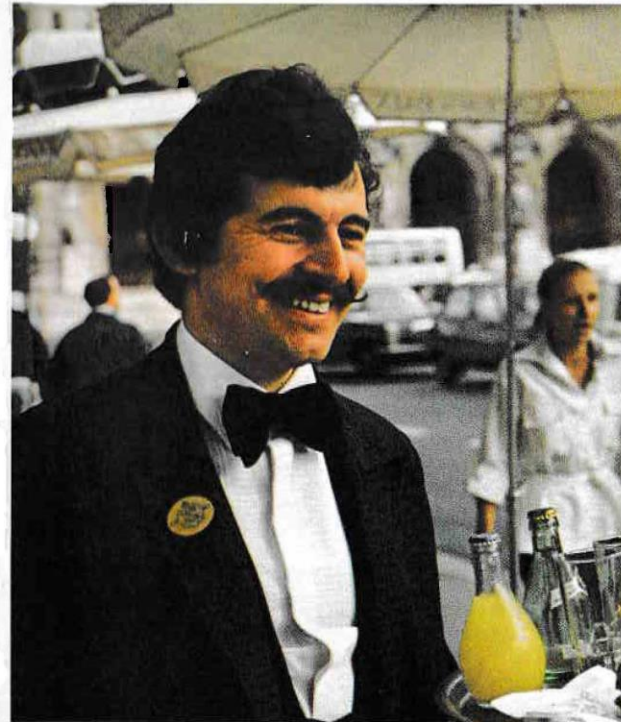

We offer you limousine service to the hotel at many airports where transportation is a problem, a convenient car rental service in Europe and the United States, and the advantage of Airline Check-in on departure at a number of our Business Hotels.

Of course, you decide how much of the service you require. You might decide to simply book a flight in the comfort and convenience of SAS First Class, First Business Class or Euro-Class. Or book the arrangements for your entire trip, door-to-door, with just one phone call. The choice is yours.
