SINGAPORE AIRLINES

The Singapore successor to MSA

ADVANCE TIMETABLE INTERNATIONAL SERVICES

Effective 1 October 1972 to 31 March 1973

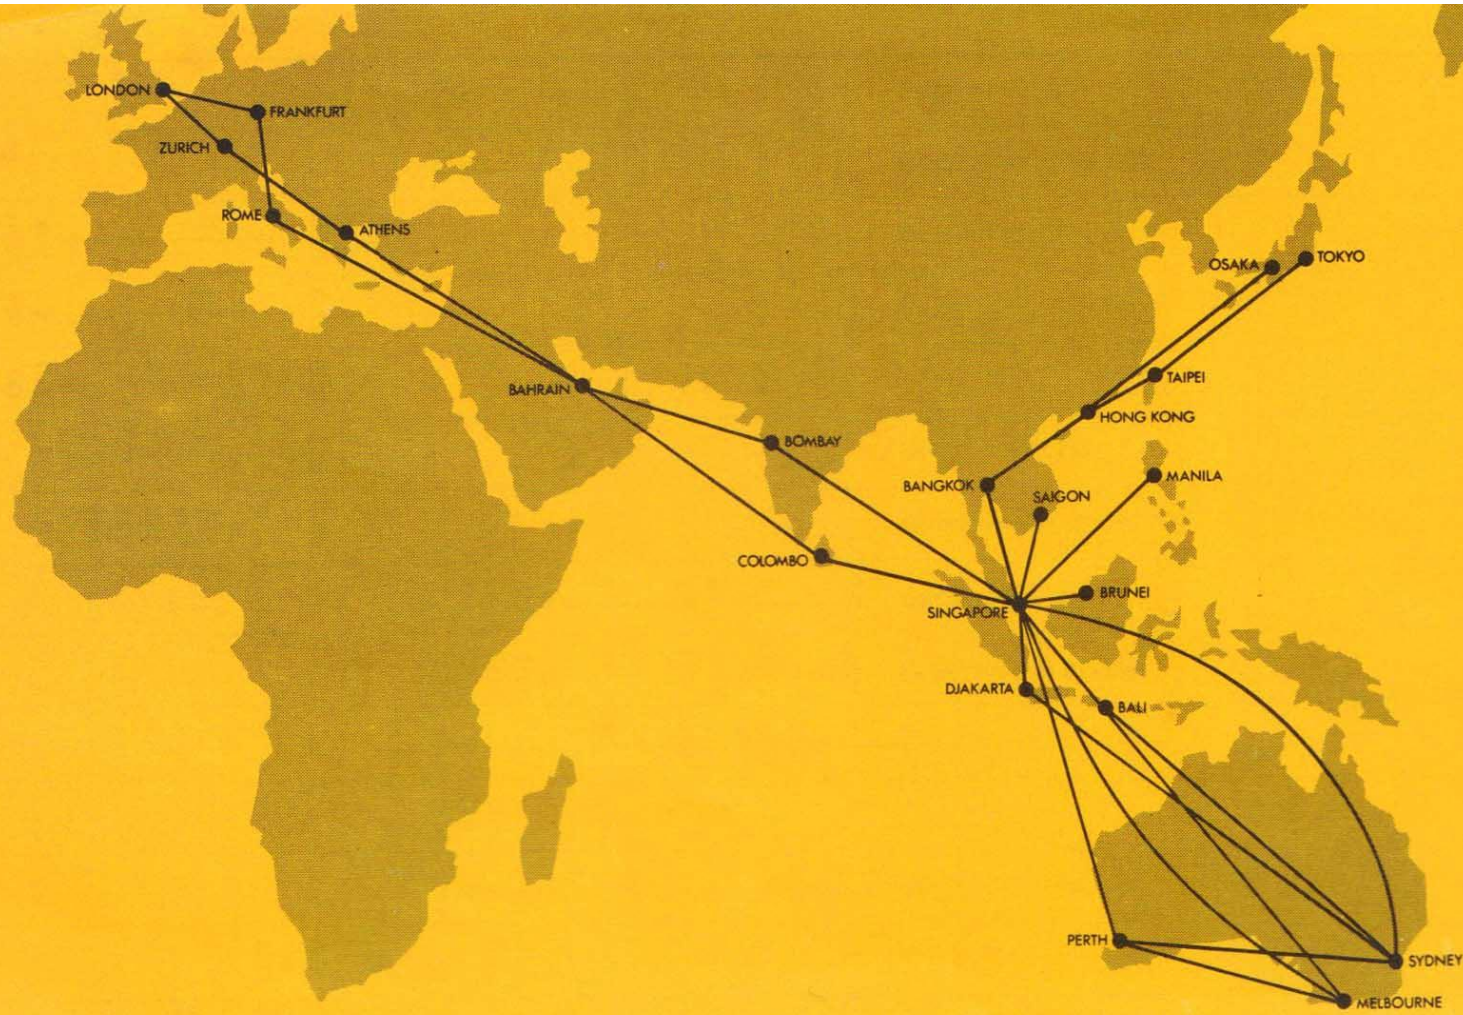

As the Singapore successor to MSA we have inherited 25 years of flying experience and a reputation for in-flight excellence that even other airlines talk about: our hostesses in their elegant sarong kebayas are

quite delightful, our menus are superb and our range of drinks is extensive. When we take to the skies on 1 October we may be a new name, but we'll be maintaining a proud tradition of excellence.
