GENERAL INFORMATION

TIME

On the USSR territory Moscow time is shown. For all other countries local times are shown. The timetable, fares and rates are subject to alteration without notice.

CONDITIONS OF CARRIAGE

Persons holding tickets and documents prescribed by passport, customs and sanitary regulations are admitted for transportation on international air services.

The ticket is good for carriage only on the flight and date for which it was issued. The ticket is not transferable.

All international air transportation on Aeroflot air services are subject to the rules of responsibility established by the International Convention for the Unification of Certain Rules relating to International Air Transportation in Warsaw, 12, October, 1929.

SALE OF TICKETS

A passenger may book his ticket either for a single or round trip in advance. A 10 per cent discount is granted while purchasing a round trip ticket.

The ticket is valid for one year from the date of commencement of travel, or if no portion of the ticket is used, from the date of issue thereof.

Requests for reservations for the return trip with an open date return ticket should be made not less than 5 days in advance.

SLEEPER ACCOMODATION

On long distance routes of foreign air carriers passengers may be provided with sleeper berths at an additional fee.

The request for a sleeper berth should be made in advance, the additional fee being paid when the ticket is purchased.

TRANSIT

Sale of transit tickets for flights originating in the USSR via Belgrade, Vienna, Warsaw, Prague, Peking, Copenhagen, Helsinki, Stockholm and other cities is performed only after reservations have been confirmed by the air carrier in question.

Requests for space to be reserved on flights of foreign air carriers should be made well in advance at the Aeroflot booking-office.

When booking a transit ticket via Moscow it is necessary to reserve space for onward transportation from Moscow. Passengers having reserved seats for the next onward flight should have them confirmed at Moscow airport not later than one hour after their arrival. Passengers having return tickets as well as transit passengers making a stop and having reserved seats for the next onward flight should confirm their reservations before 12,00 on the day preceding the date of departure.

Passengers are requested to inform the booking office of their cancelling reservations as soon as possible.

STOPOVERS

Passengers may break their journey at any scheduled stops provided that this is arranged with the carrier in advance, is specified on the passenger ticket, does not conflict with the Conditions of carriage and is done within the period of validity of the ticket.

TRANSPORTATION OF CHILDREN

Children under 12 years of age may travel only when accompanied by an adult passenger.

A child under two years of age not occupying a separate seat and accompanied by an adult passenger is carried at 10% of the adult's fare.

A child under two years of age who occupies a separate seat is carried at 50 per cent of the corresponding adult's fare.

Children under two years of age in excess of the one accompanied by an adult passenger are carried at 50 per cent of the corresponding adult's fare and every such child is provided with a separate seat.

The fare for children between 2 and 12 years is 50 per cent of the corresponding adult fare, and every such child is provided with a separate seat.

BAGGAGE

The weight of the baggage should be reported while purchasing the ticket. Unreported baggage will be carried on the same flight as its owner only subject to space being available.

For each adult or child paying half the adult fare the free allowance is 20 kg. on tourist class and 30 kg. on first class.

Big quantities of baggage should be registered not later than one hour before the departure of the flight.

Dimensions of separate baggage cases should not exceed 40/60/100 centimeters.

In addition to the free baggage allowance the following articles may be carried free of charge: a lady's handbag, an overcoat, a foot rug, an umbrella or walking stick, some books or magazines for reading, infant's food for consumption en route and an infant's carrying basket.

Transportation of explosives, poisons and inflammables as well as articles prohibited for import into or export from the USSR is forbidden.

Small domestic animals [dogs, cats, birds] accompanied by a passenger are accepted for transportation only after prior permission of the carrier in question has been obtained and if a valid veterinary certificate and other documents required by countries of transit and destination are presented.

Binoculars and cameras are allowed for transportation only packed in the checked baggage of the passenger.

It is not recommended to have filled fountain pens in flight.

SERVICE EN ROUTE

Passengers travelling on international routes are served hot meals at intermediate airports, while hot and soft drinks, pastries and fruits are served in flight. On TU-104 planes hot meals are served in flight. In cases of unforeseen delays of a plane passengers travelling on international air services are provided at intermediate airports with three hot meals a day and free hotel and baggage accommodation.

Transit passengers holding firm reservations for an onward flight are provided with free hotel accommodation and board at transit airports for 24 hours. Passengers travelling without prior reservation of space or arriving several days before the departure of their plane have to pay their meals and hotel accommodation.

CANCELLATION OF RESERVATIONS

A passenger may cancel his reservation and be fully refunded for the unused transportation if he gives notice thereof to the booking-office that issued the ticket or to the airport of departure at least 24 hours prior to the departure of the flight.

If a passenger cancels his flight later than 24 hours before the departure of the flight he incurs a forfeiture fee of 10% of the fare, and if the cancellation was made later than 3 hours before the departure of the flight he incurs a forfeiture fee of 25% of the fare.

The above fee is calculated out of the corresponding single fare for the unused transportation to the point of destination or to the first intermediate point where a stop of more than 6 hours' duration is scheduled. The fee should not be more than 280 roubles or less than 28 roubles.

NO SHOW SERVICE CHARGES

If a passenger fails to board the plane in time or fails to arrive at the airport at the time stipulated by the carrier and does not use the space reserved for him or arrives at the airport improperly documented and as consequence thereof he cannot travel he incurs a forfeiture fee of 25% of the single fare but not more than 280 roubles or less than 28 roubles for the unused transportation to the point of destination or to the first intermediate point where a stop of more than 6 hours' duration is scheduled.
